**The 9700H is a 4-wheel drive, articulating, rubber-tired, 75hp diesel-powered multi-purpose tractor with electronically controlled hydrostatic transmission, cruise control, and automatic power control, which varies engine rpm, speed and power supply for drive-line and PTO according to road and work conditions. Low vibration, low noise level. Excellent cab heating and cooling performance. Low pollution and low fuel consumption - designed for year-round municipal or industrial work. With front and rear 3-point and PTO capabilities, the 9700 can perform numerous tasks and diversified functions, such as the operation of finish mowers, brush eaters, sprayers, hydro seeding; tree shears, front blade, backhoe attachments, post hole drills and more.**
